

Becoming an Agile Coach

Advance your career and expand your impact with agile coaching skills. This on-demand microcredential equips learners with the mindset, frameworks, and practices to guide individuals, teams, and organizations through transformational change. Participants receive a lifetime microcredential upon course completion and a two-year Scrum Alliance membership (for new or lapsed members).

  **On-Demand or Live Instruction**

Duration:
4 hours

Credential:
Microcredential

Languages:
English

Who it's for

- Scrum masters, product owners, and agile practitioners who want to move into coaching roles
- Managers and leaders aiming to guide agile transformation
- Consultants and change agents supporting enterprise agility

Why it matters for enterprises

Agile coaching plays a pivotal role in sustaining organizational agility. By investing in Becoming an Agile Coach, enterprises can prepare professionals to step into high-value coaching roles, driving adaptability, alignment, and cultural change across the organization. This scalable, self-paced training ensures your teams can access critical coaching skills without the complexity of coordinating live workshops.

Key learning outcomes

- Understand what it means to become an agile coach and the opportunities on this career path
- Explore key stances of an agile coach, including mentoring, facilitating, teaching, and leading
- Build the skills needed to navigate resistance, empower teams, and foster adaptability
- Learn how to guide organizations at the team, program, and enterprise levels
